PROJECT EXPERIENCE

VOGUE VIVANT — WEBSITE (USING HTML, CSS, BOOTSTRAP)

- Designed and developed a luxury fashion blog and e-commerce platform featuring a Spring/Summer 2026 editorial theme.
- Created structured sections — Home, Style, Beauty, Trends, Designers, and About — with smooth multi-page navigation.
- Focused on premium aesthetic design, clean typography, and a visually rich UI suited for a high-end fashion brand.

SAVORA — WEBSITE (USING HTML, CSS, BOOTSTRAP)

- Developed a fully responsive e-commerce website for authentic South Indian snacks, sweets, masalas, pickles, and rice.
- Structured multi-page layout with dedicated category pages — Sweets, Snacks, Pickles, Masalas, and Rice — with pricing.
- Achieved a clean, brand-consistent design emphasising homemade quality and traditional South Indian flavours.

NEXA GAMING — WEBSITE (USING HTML, CSS, JAVASCRIPT)

- Built a fully responsive e-commerce platform for premium gaming accessories — keyboards, mice, headsets, and gaming chairs.
- Designed an immersive UI with hero carousel, featured products, RGB setup showcase, and brand trust section (PlayStation, Xbox, Logitech, Razer).
